

*AZOO TEST KITS*

### AZOO PH PEN

**FEATURES :**

1. Special one-point calibrating design enables accurate and prompt calibration.
2. Large liquid crystal display enables clear and easy observation.
3. Stretchable electrode sensor can be adjusted in different conditions.
4. Electronic parts assembled by SMT ensures a low chance of breakdown.
5. Economic 9V battery ensures a longer usage.
6. PVC covered unit, convenient and easy to carry and store.

**SPECIFICATIONS :**

Range: 0~14.0 pH      Resolution: 0.1 pH  
 Accuracy: ±0.2 pH      Environment: 0~50°C  
 Battery: DC 9V      Size: 158 X 40 X 34 mm      Weight (W/ Bat.): 120g

| PRODUCT                           | CODE    |
|-----------------------------------|---------|
| pH Pen                            | AZ12010 |
| pH Pen electrode                  | AA8645  |
| pH Pen electrode solution (50 ml) | AZ99016 |

### AZOO CO2 INDICATOR

AZOO CO<sub>2</sub> INDICATOR can constantly monitor the CO<sub>2</sub> level in water plant aquariums. The CO<sub>2</sub> level should be tested continually to ensure an optimum living environment for aquatic plants.

| PRODUCT                      | CODE    |
|------------------------------|---------|
| CO2 indicator                | AZ19006 |
| CO2 indicator refill (10 ml) | AZ24016 |
