

*AZOO SALTWATER SYSTEM*

**AZOO REEF TRACE ELEMENTS**  
For saltwater and reef aquariums

1. Extracted from Natural Deep Seawater to formulate, a perfect supplement source for the marine creatures.
2. Contains super-concentrated essential trace elements such as Fe, Mn, Zn, Co, Mo, F, Se and Sb that help fishes and invertebrates grow healthily.
3. Perfect buffer formula let the living creatures free from stress.
4. An economical and essential nutrient for weekly use in reef and marine aquariums.

SIZE	CODE
250 ml	AZ17243
500 ml	AZ17244
3800 ml	AZ17245

**AZOO REEF CALCIUM & MAGNESIUM**  
For saltwater and reef aquariums

1. Extracted from Natural Deep Seawater to formulate, a perfect supplement source for the marine creatures.
2. Contains super-concentrated calcium and magnesium ions for reefs and invertebrates to promote their healthy growth in a closed system.
3. Perfect buffer formula let the living creatures free from stress.
4. An economical and essential nutrient for weekly use in reef and marine aquariums.

SIZE	CODE
250 ml	AZ17234
500 ml	AZ17235
3800 ml	AZ17236

**AZOO REEF STRONTIUM & MOLYBDENUM**  
For saltwater and reef aquariums

1. Extracted from Natural Deep Seawater to formulate, a perfect supplement source for the marine creatures.
2. Contains super-concentrated Sr, Mo that promote a balanced growth for fishes and invertebrates in a closed system.
3. Perfect buffer formula let the living creatures free from stress.
4. An economical and essential nutrient for weekly use in reef and marine aquariums.

SIZE	CODE
250 ml	AZ17240
500 ml	AZ17241
3800 ml	AZ17242

**AZOO REEF IODIDE**  
For saltwater and reef aquariums

1. Extracted from Natural Deep Seawater to formulate, a perfect supplement source for the marine creatures.
2. Contains super-concentrated iodine and necessary minerals that promote fishes and invertebrates stabilized physiological functions.
3. Perfect buffer formula let the living creatures free from stress.
4. An economical and essential nutrient for weekly use in reef and marine aquariums.

SIZE	CODE
250 ml	AZ17237
500 ml	AZ17238
3800 ml	AZ17239

## AZOO MACROALAGE NUTRIENTS

### For saltwater and reef aquariums

#### FEATURES:

1. Extracted from Natural Deep Seawater to formulate, a perfect supplement source for the marine creatures.
2. Contains super-concentrated essential trace elements such as: P, K, Fe, Mg, Cu, Zn, Co, Mo that help Macro algae grow healthily.
3. With good buffer capacity formula that won't cause stress to the living creatures.
4. An economical and essential nutrient for weekly use in reef and marine aquariums.

SIZE	CODE
250 ml	AZ17249
500 ml	AZ17250
3800 ml	AZ17251

## AZOO REEF VITAMINS

### For saltwater and reef aquariums

1. Extracted from Natural Deep Seawater to formulate, a perfect supplement source for the marine creatures.
2. Contains super-concentrated vitamins and Glucan that provide coenzyme to increase the living creatures immune system.
3. Special anti-oxygen chelated treatment, can be effectively adopted and used by fishes and invertebrates for enhancing their stabilized physiological functions.
4. An economical and essential nutrient for weekly use in reef and marine aquariums.

SIZE	CODE
250 ml	AZ17246
500 ml	AZ17247
3800 ml	AZ17248

## AZOO CORAL PLUS

### For saltwater and reef aquariums

#### FEATURES:

1. Extracted from Deep Seawater to formulate, a perfect and natural nutrient source for marine creatures.
2. Provides essential multi-minerals, vitamins and coenzyme for healthy and vigorous growth of corals.
3. Enhances the colors for corals and refrain from coral bleach.
4. Improves budding and growth of macroalgae.
5. Premium formulation for economical use, an essential nutrient for regular use in reef aquariums.

SIZE	CODE
250 ml	AZ17261
500 ml	AZ17262
3800 ml	AZ17266

## AZOO 9 in 1 ANEMONE FISH PELLETT

### Semi-floating type

AZOO 9 in 1 ANEMONE FISH PELLETT is a great diet for all species of marine fry in 1.5-3.0cm size.

#### ANALYSIS:

Crude Protein: 52%(Min.) Crude Fat: 9% (Min.) Moisture: 10% (Max.)

SIZE	CODE
35 ml/15g	AZ80177
120 ml	AZ80181

## AZOO 9 IN 1 MARINE FISH FLAKE PLUS GLUCAN ( Immunity formula )

AZOO 9 IN 1 MARINE FISH FLAKE, with glucan immunity formula added, is specially designed for the eating habit of coral fish. This nutritious fish flake is high in iodine and seaweed content.

#### INGREDIENTS:

White Fish Meal, Artemia, Krill Meal, Scallop Powder, Spirulina, Kelp powder, Soy Bean Meal, Peanut Dregs, Flour, Yeast Powder, Glucan, PSB, Multi-vitamins, Minerals.

#### ANALYSIS:

Crude Protein: 45 % ( Min. ) Crude Fat: 3 % ( Min. )  
Crude Fiber: 5 % ( Max. ) Moisture: 5 % ( Max. )

SIZE	CODE
120 ml/20g	AZ80064
330 ml/45g	AZ80020

**AZOO 9 IN 1 MARINE FISH PELLETT**  
**SLOWLY SINKING TYPE ; PLUS GLUCAN**  
**( Immunity formula )**

AZOO 9 IN 1 MARINE FISH PELLETT, with glucan immunity formula added, is specially designed for the eating habit of coral fish. This nutritious fish pellet is high in iodine and seaweed content.

**INGREDIENTS:**

White Fish Meal, Artemia, Krill Meal, Scallop Powder, Spirulina, Kelp powder, Soy Bean Meal, Peanut Dregs, Flour, Yeast Powder, Glucan, PSB, Multivitamins, Minerals.

**ANALYSIS:**

Crude Protein: 45 % ( Min. ) Crude Fat: 3 % ( Min. )  
 Crude Fiber: 5 % ( Max. ) Moisture: 5 % ( Max. )

SIZE	CODE
120 ml / 60g	AZ80065
330 ml / 155g	AZ80018
900 ml / 450g	AZ80060

**AZOO ARTEMIA CYSTS**  
**Natural feed for small fish and invertebrates**

**INSTRUCTIONS FOR HATCHLING:**

1. Prepare 1.5% of artificial "saltwater" by adding 15g artificial sea salt into 1 liter of water.
2. Add 1g (one spoon) of AZOO ARTEMIA CYSTS per liter of artificial saltwater.
3. Soak the AZOO ARTEMIA CYSTS for 10 minutes. Then, turn on the air pump and aerate the "saltwater". Keep the eggs floating.
4. At a temperature of 28-30°C, the AZOO ARTEMIA CYSTS can be hatched in 24 hours.
5. One spoon is equal to 1.2 gram.

SIZE	CODE
35 ml / 15g	AZ80147

**AZOO MARINE ANTI-PROTOZOA**  
**For saltwater aquarium**

AZOO MARINE ANTI-PROTOZOA will prevent your fish effected from diseases caused by Amyloodinium ocellatum, cosita sp., Ichthophthirius marinus and Cryptocaryon irritans, sporozoa, etc. It is HARMFUL to crustaceans such as shrimps, crabs, etc.

SIZE	CODE
120 ml	AZ17035
250 ml	AZ17063
500 ml	AZ17107

**AZOO PH8.2 ALGAE AWAY FILTER**  
**For saltwater and reef aquariums**

**FEATURES:**

1. Produced through a hi-tech process, which enables absorption of nitrate and phosphate to avoid algae growth.
2. Stabilizes pH value to 8.2, absorbs any coloring, odor and suspended matter, to purify the water.
3. Absorbs ammonia, nitrite, any remnants of chemical treatment and heavy metals, to avoid toxic conditions for fish.
4. Stabilizes water conditions and reduces water change frequency – the best filter media for saltwater aquariums.

SIZE	CODE	REMARKS
300 g	AZ16081	pH8.2

**AZOO pH8.2 ACTIVE MARINE SUBSTRATE**  
Suitable for saltwater, reef and cichlid aquariums

**FEATURES:**

1. Produced through a hi-tech procedure. Will not crush easily – similar strength to natural sea substrate.
2. Provides a filter function, which enables absorption of ammonia and hydrogen sulfide and enables an active and effective substrate.
3. Stabilizes pH value to 8.2, absorbs heavy metals and decolourises the water, promoting pristine aquarium conditions.
4. Releases important ions such as Ca<sup>2+</sup>, Mg<sup>2+</sup>, B<sup>3+</sup>, Zn<sup>2+</sup>, Li<sup>+</sup> and Al<sup>3+</sup>, as supplement of nutrient.
5. The porous granular structure promotes gas exchange within the substrate, which prevents anaerobic conditions, and substrate blackening.

SIZE	CODE	REMARKS
5.4 kg	AZ11044	pH8.2

**AZOO REEF CALCIUM POWDER**  
For saltwater and reef aquariums

**FEATURES :**

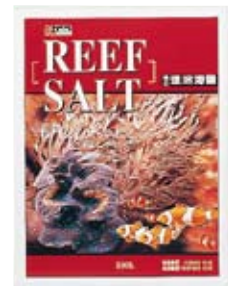

1. AZOO REEF CALCIUM POWDER contains highly concentrated calcium powder and Cholecalciferol (Vitamin D3)
2. That enhances calcium absorption and stimulates skeleton growth. AZOO REEF CALCIUM POWDER is applied as a supplement source for the gradually lot calcium in synthetic aquariums to improve the healthy growth of marine fish, zooxanthellae, invertebrates such as stony corals, soft corals, shellfish, shrimps, tubeworms, etc. and large marine algae such as Caulerpa sp., Halimeda sp., etc.

SIZE	CODE	REMARKS
900 ml	AZ17084	

**AZOO REEF SALT (High Calcium)**  
For saltwater and reef aquariums

**FEATURES :**

1. AZOO REEF SALT is a synthetic sea salt for all creatures living around coral reefs. AZOO REEF SALT provides fish, invertebrates or seaweed with an optimal environment in which creatures can grow healthily and even breed their next generations.
2. AZOO REEF SALT is composed of all elements in natural seawater. This synthetic sea salt is precisely prepared to be in accordance with the natural proportion of major, minor and trace elements that are found in natural seawater to make its quality close to real sea salt. This accurate preparation ensures consistently high quality in each bag of AZOO REEF SALT. This uniform quality in each bag will not deviate because of water changes or uses at different times.
3. AZOO REEF SALT passed extensive and sophisticated biological and chemical test experiments.
4. AZOO REEF SALT completely fulfills the strict standards of oceanic scientists and ocean museums; it enables us to successfully breed hundreds of marine creatures. Nitrate and phosphate free AZOO REEF SALT disables substantial growth of algae. In addition, its instant solubility that does not clondy the water and makes it suitable for appreciation and breeding in aquariums.

SIZE	CODE	REMARKS
200 L	AZ28001	High calcium

**AZOO 3 IN 1 SPECIFIC GRAVITY METER**

**FEATURES:**

1. Accuracy on all of gravity, salinity, and conductivity at one time
2. Made of fine acrylic with good transparency
3. Easy-to-manipulate design, easy-to-read scales
4. Auto water-overflow check
5. Enclose a stir-stick to eliminate the bubbles.

CODE	REMARKS
AZ24020	Gravity, salinity, and conductivity

### AZOO MIGNON SKIM

**FEATURES:**

1. Removes surface films, protein skimming and filtering water.
2. Maximum flow: 360 liter per hour. Ideal for Saltwater/ fresh water aquariums up to 50 liters.
3. Additional MIGNON SKIM, can be used to treat greater than 50 liters of water.
4. Adjustable filter output, Easy operation.
5. Easy-change filter material, Eazy-maintenance.

VOLTAGE	CODE
110V	AZ13125
230V	AZ13126

### AZOO TRI-SUPER SKIMMER For saltwater and reef aquariums

**FEATURES :**

1. The uniquely patent design of cross current device results in strong water flow, minute bubbles and great surface tension.
2. AZOO TRI-SUPER SKIMMER has the functions of whirling, flowing and pushing to collect protein organic compounds. By using the principal of whirling to eliminate the heavy metal, protein, fiber and organic compounds when air and water are mixed.
3. It has flow adjustment valve to regulate the water level.
4. It can be installed inside or outside the aquarium.
5. It has a double way holder to install all kinds of aquarium.
6. It has plastic screws to keep stainless.

CODE	REMARKS
AZ12007	Use with AZOO Power Head 1800

### AZOO VORTEX PROTEIN SKIMMER

**FEATURES :**

1. High skimming efficiency. Increased quantity of superfine air bubbles in homogenous air-water mixture
2. High air-flow injector design. Max. water throughput: (M) 2000 lph / 500 gph; (L) 3600 lph / 900 gph
3. Designed for both in-sump and hang-on use
4. Completely removable for easy maintenance.

SIZE	CODE	REMARKS
M	AZ12039	Use with AZOO Power Head 2500
L	AZ12040	Use with AZOO Power Head 3200

### **AZOO 9 IN 1 TOP COLOR MARINE FISH PELLET** **SLOWLY SINKING TYPE; PLUS GLUCAN**

1. Specifically made for marine fish, nutritionally balanced food with good acceptance
2. Selected ingredients with Astacine, Carotenoids, Spirulina, effective for color enhancement.
3. A staple food suitable for all carnivorous and omnivorous small marine fish.

#### **ANALYSIS:**

Crude Protein: 52 % ( Min. ) Crude Fat: 9 % ( Min. ) Moisture: 10 % ( Max. )

After 14 days
